

BAIANDA®

BAIANDA is a professional company which is engaged in developing and manufacturing personal protective equipments. BAIANDA is the only one manufacture factory in China that can produce P100 level protective respirators. We offer a wide selection of products that meet different customer demands globally with complete and up-to-date Safety Certifications.

BAIANDA controls quality of raw materials, semi-products, finished products strictly according to ISO9001:2008 and different nation's standards.

Incoming Raw Materials:

Incoming raw materials must pass the test before being used.

Semi-products:

The parts must pass the test before going into the next procedure.

Key part —Exhalation valves are 100% testing.

Finished Products :

Finished products must be tested and proved to be qualified for delivery in conformity with standards and customer demands.

Testing Capacity

With advanced testing equipment and professional technical, products meet standards of China LA, NIOSH, etc.

Core Business

PPE Research and Development Innovation

PPE Manufacture, Inspection and Technical services

PPE Original Equipment Manufacturer (OEM)

Mission

Make all the people who engaged in hazard environment work safely and live healthily

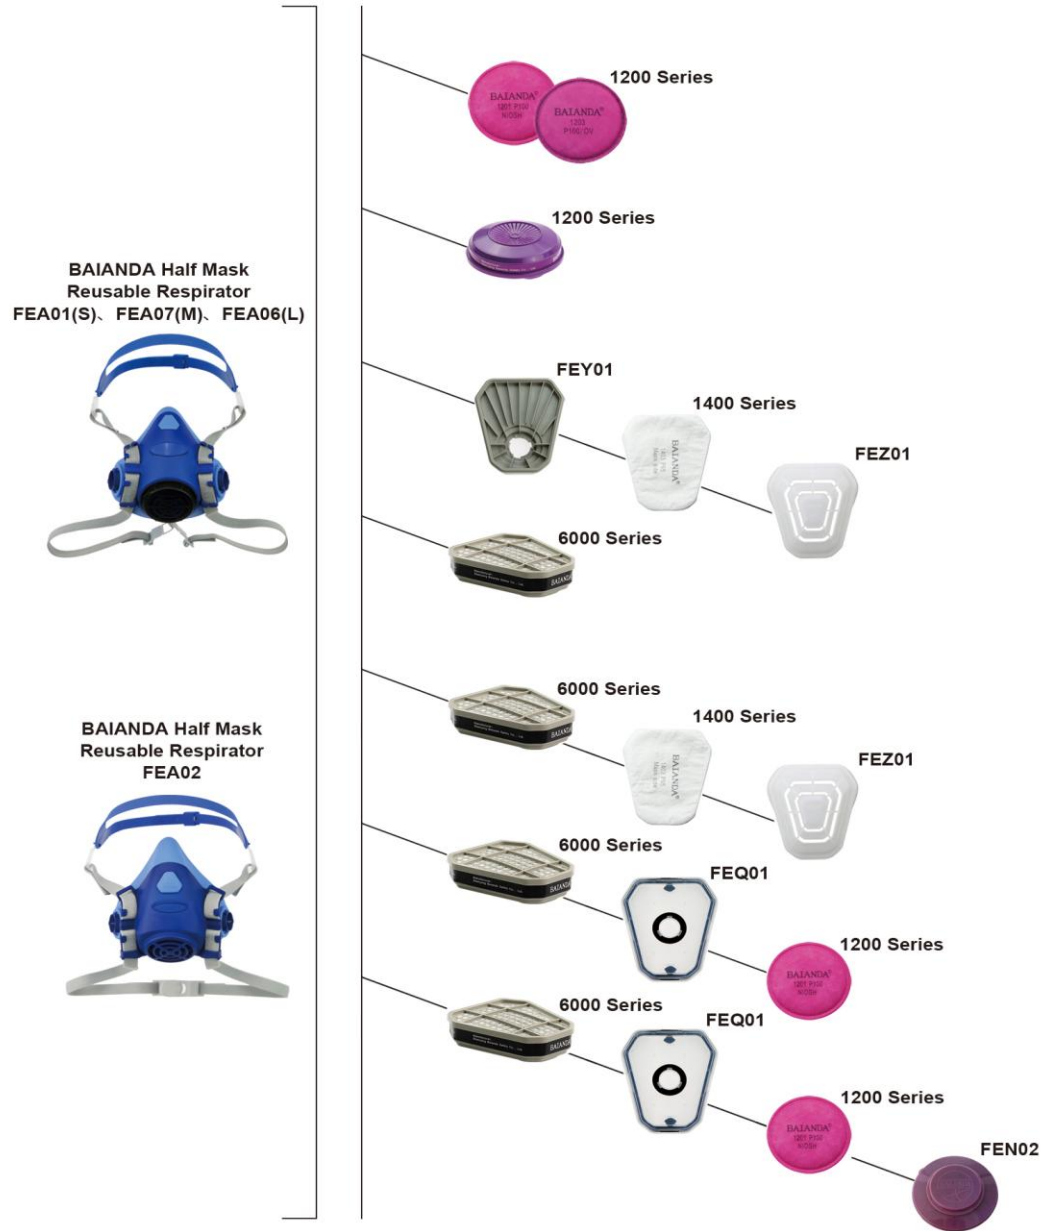

Goal

Finishing the history of occupational injuries, realizing zero harm in occupational protection

Respirator and Filter/Cartridge Matrix

Possible combination for half masks, cartridges, filters, retainers and adapters

FILTER AND CARTRIDGE FOR AIR-PURIFYING RESPIRATORS REFERENCE CHART

HALF MASK

Part No.	Half Mask	Description	Note
FEA01		<p>Food-grade silicone, no harm to skin, good fit and sealing. Conform to human engineering, good compatibility with other PPE. Smaller size, better vision. Patented corrugated low "dead air" space . Light weight, comfort and compatibility, without compromise. Simple design allows for easy cleaning, while replaceable parts extend product life and maximize value.</p>	Liquid Silicone Rubber S
FEA02		<p>Food-grade silicone, no harm to skin, good fit and sealing. Conform to human engineering, good compatibility with other PPE. More breathing space, lower breathing resistance. Patented corrugated low "dead air" space. Light weight, comfort and compatibility, without compromise. Simple design allows for easy cleaning, while replaceable parts extend product life and maximize value.</p>	Liquid Silicone Rubber M
FEA06		<p>Food-grade silicone, no harm to skin, good fit and sealing. Conform to human engineering, good compatibility with other PPE. More breathing space, lower breathing resistance. Patented corrugated low "dead air" space. Light weight, comfort and compatibility, without compromise. Simple design allows for easy cleaning, while replaceable parts extend product life and maximize value.</p>	Liquid Silicone Rubber L
FEA07		<p>Food-grade silicone, no harm to skin, good fit and sealing. Conform to human engineering, good compatibility with other PPE. More breathing space, lower breathing resistance. Patented corrugated low "dead air" space. Light weight, comfort and compatibility, without compromise. Simple design allows for easy cleaning, while replaceable parts extend product life and maximize value.</p>	Liquid Silicone Rubber M

PARTICULATE FILTERS

Part No.	Filter	Description	Label
1201		Oily and Non-oily Particulate Filter	P100

1202		Oily and Non-oily Particulate Filter	P100
1203		Oily and Non-oily Particulate / Certain Organic Vapors Filter	P100 / OV
1403		Oily and Non-oily Particulate Cotton	P95

GAS AND VAPOR CARTRIDGES

Part No.	Cartridge	Description	Label
6115		Certain Organic Vapor Cartridge	OV
6215		Formaldehyde and Certain Organic Vapors Cartridge	FM / OV
6315		Acid Gas (Sulfur Dioxide / Hydrogen Chloride / Chlorine / Chlorine Dioxide / Hydrogen Sulfide / Hydrogen Fluoride) Cartridge	AG
6415		Ammonia / Methylamine Cartridge	AM / MA
6515		Certain Organic Vapor/Acid Gas(Sulfur Dioxide / Hydrogen Chloride / Chlorine / Chlorine Dioxide / Hydrogen Sulfide / Hydrogen Fluoride) Cartridge	OV / AG
6615		Certain Organic Vapor / Acid Gas(Sulfur Dioxide / Hydrogen Chloride / Chlorine / Chlorine Dioxide / Hydrogen Sulfide / Hydrogen Fluoride / Hydrogen Cyanide) / Ammonia / Methylamine / Formaldehyde Cartridge	OV / AG / AM / MA / FM

COMBINATION GAS AND VAPOR CARTRIDGES WITH P95 PARTICULATE FILTERS

Part No.	Cartridge	Description	Label
61211		Certain Organic Vapor Cartridge + Particulate Cotton + Cover	OV / P95
62211		Formaldehyde / Certain Organic Vapors Cartridge + Particulate Cotton + Cover	FM / OV / P95

63211		Acid Gas(Sulfur Dioxide / Hydrogen Chloride / Chlorine / Chlorine Dioxide / Hydrogen Sulfide / Hydrogen Fluoride) Cartridge + Particulate Cotton + Cover	AG / P95
64211		Ammonia / Methylamine Cartridge+ Particulate Cotton + Cover	AM / MA / P95
65211		Certain Organic Vapor / Acid Gas(Sulfur Dioxide / Hydrogen Chloride / Chlorine / Chlorine Dioxide / Hydrogen Sulfide / Hydrogen Fluoride) Cartridge + Particulate Cotton + Cover	OV / AG / P95
66211		Certain Organic Vapor / Acid Gas(Sulfur Dioxide / Hydrogen Chloride / Chlorine / Chlorine Dioxide / Hydrogen Sulfide / Hydrogen Fluoride / Hydrogen Cyanide) / Ammonia / Methylamine/ Formaldehyde Cartridge + Particulate Cotton + Cover	OV / AG / AM / MA / FM / P95

COMBINATION GAS AND VAPOR CARTRIDGES WITH P100 PARTICULATE FILTERS

Part No.	Cartridge	Description	Label
61213		Certain Organic Vapor Cartridge + Connector + Particulate Filter	OV / Connector / P100
62213		Formaldehyde / Certain Organic Vapors Cartridge + Connector +Particulate Filter	FM / OV / Connector / P100
63213		Acid Gas(Sulfur Dioxide/Hydrogen Chloride / Chlorine / Chlorine Dioxide / Hydrogen Sulfide / Hydrogen Fluoride) Cartridge + Connector + Particulate Filter	AG / Connector / P100
64213		Ammonia / Methylamine Cartridge + Connector + Particulate Filter	AM / MA / Connector / P100
65213		Certain Organic Vapor / Acid Gas(Sulfur Dioxide / Hydrogen Chloride / Chlorine / Chlorine Dioxide / Hydrogen Sulfide / Hydrogen Fluoride) Cartridge + Connector + Particulate Filter	OV / AG / Connector / P100
66213		Certain Organic Vapor / Acid Gas(Sulfur Dioxide/Hydrogen Chloride / Chlorine / Chlorine Dioxide / Hydrogen Sulfide / Hydrogen Fluoride / Hydrogen Cyanide) / Ammonia / Methylamine / Formaldehyde Cartridge + Connector + Particulate Filter	OV / AG / AM / MA / FM / Connector / P100
61215		Certain Organic Vapor Cartridge + Connector + Particulate Filter + Filter Protector	OV / Connector / P100 / Filter Protector

62215		Formaldehyde / Certain Organic Vapors Cartridge + Connector + Particulate Filter + Filter Protector	FM / OV / Connector / P100 / Filter Protector
63215		Acid Gas(Sulfur Dioxide / Hydrogen Chloride / Chlorine / Chlorine Dioxide / Hydrogen Sulfide / Hydrogen Fluoride) Cartridge + Connector + Particulate Filter + Filter Protector	AG / Connector / P100 / Filter Protector
64215		Ammonia / Methylamine Cartridge + Connector + Particulate Filter + Filter Protector	AM / MA / Connector / P100 / Filter Protector
65215		Certain Organic Vapor/Acid Gas(Sulfur Dioxide / Hydrogen Chloride / Chlorine / Chlorine Dioxide / Hydrogen Sulfide / Hydrogen Fluoride) Cartridge + Connector + Particulate Filter + Filter Protector	OV / AG / Connector / P100 / Filter Protector
66215		Certain Organic Vapor/Acid Gas(Sulfur Dioxide / Hydrogen Chloride / Chlorine / Chlorine Dioxide / Hydrogen Sulfide / Hydrogen Fluoride / Hydrogen Cyanide) / Ammonia / Methylamine / Formaldehyde Cartridge + Connector + Particulate Filter + Filter Protector	OV / AG / AM / MA / FM / Connector / P100 / Filter Protector

ACCESSORIES

Part No.	Accessories	Description	Label
FEZ01		Particulate Cotton Cover	—
FEY01		Particulate Cotton Bottom	—
FEQ01		Connector	—
FEN02		Filter Protector: Use for all 1000, 2000 series Particle Filters, against water, mud, and sparks generated in the metal thermal processing, etc.	—
